

Hello, here is a list of suggested activities, resources and links for pupils in 5th Class.

Hello again boys/parents,

Well done to all of you who took part in the quiz and also for the fantastic work you have been sending us in your daily assignments. From next week on, your assignment on Friday will be to take part in our quiz so we'd love to see even more of you involved.

As we said to you last week, it's important to keep doing the work we give each day so you are ready for 6th class. Remember we are available on teams to answer any questions you might have about the work. Similarly, if you want to arrange a phone call for any reason contact us on teams or you can email either of us at wmuphy@togherboys.com and omurray@togherboys.com.

Here is your work for the week, remember to follow the colour coded system and submit your daily assignment on teams.

Maths:

[Monday Maths Week 7Download](#)

[Tuesday Maths Week 7Download](#)

[Wednesday Maths Week 7Download](#)

[Thursday Maths Week 7Download](#)

English:

Unit 30 Ex Poser: Read this story and complete an exercise each day. Try and read aloud a section each day for your parents.

[COTS Week 7Download](#)

Write at home: Complete one of the exercises each day into your copy. They are colour coded and the pictures are here for you. Each of these will be explained to you in your assignment and if you are having trouble locating them please message us and ask.

[My Write at Home Week 7Download](#)

Spellbound: Unit 31 this week. Learn one block per day and ask a parent to test you on Friday. Complete the exercises as colour coded each day. It would be great if you would send us on your scores on Friday.

[Spellbound Week 7Download](#)

Reading: try to read for at least 20 minutes each day. Let us know what book you are reading and what you think of it. If you are reading something you love you could put in up on the notice board for other boys.

Juicy words: use any of the highlighted words in the reading zone this week for your juicy words. Write two of them into sentences each day. Make sure to choose two different words and not the same word in two sentences You can write these into your assignment document on teams.

Diary: continue to write into your diary each day. Remember entries can be about whatever you like, maybe the latest developments with the virus or what you've been up to for the day

Gaeilge

This week's story is Lá Spóirt na Scoile from Am don Léamh. Read the story aloud each day and complete the exercises. Use your dictionary for any tricky words. Here is some of the vocabulary you will need.

[Gaeilge Seachtain 7Download](#)

An samhradh= the summer

Go háilainn= beautiful

Cead meadar= 100 metres

Ar nós na gaoithe= as fast as the wind

Chéad áit=1st place

Bonn óir= gold medal

Dara háit= 2nd place

Thar an mbarra= over the bar

Go han tapa= very fast

Bonn cré-umha= bronze medal

Ras barra rotha= wheelbarrow race

Ag tiomáint= driving

Cén=which?

Cathain= When?

Céard=what

Cé=who?

Your Litríú are from aonad 30. Learn four each day and write them into sentences. Ask a parent to test you on Friday. Take two each day and put them into your own sentences. You can write these into your assignment document on teams. Send us on your scores on Friday.

[Litríú Seachtain 7Download](#)

Duolingo: Spend 5 minutes a day on this as it really helps to keep you in touch with your gaeilge vocabulary. Some of you may like to spend more time on this and if so that's great.

TG4: An aimsir láithreach is on everyday at 17:32 for 3 minutes. Try to watch this each day as it's a great way to keep in touch with language.

S.E.S.E: Science and Geography

This week's science and geography will be slightly different. Ted Ed have set up an earth school with 30 daily quests for you to follow. Each quest has a short video (about 5 minutes) to watch and a quiz to complete. If a quest really interests you can watch more videos and read more about a topic. Here is a link to the website <https://ed.ted.com/earth-school> We will post each day's quest on the main class teams page. This week the 5 quests are: the food we eat, the clothes we wear, the technology we use, the homes we live in and the energy we need. Your assignment each day will be write a couple of lines about each day's quest, what you might have learned and what was interesting. These quests will hopefully teach us more about the planet

and the nature that surrounds us. This pandemic has very few positives but one is that pollution and greenhouse gas emissions have been reduced hugely!

Art: <https://artsandculture.google.com/story/mAUhHW4vOVDErA>

Here is a website called ten of the world's zaniest buildings. These are some crazy designs and it's mad to think someone came up with the idea and actually had them built. Stop on each one as you scroll down through them and the camera will rotate to show you the building. Try and design your own crazy building using materials at home and tell us about it on teams.

P.E

Here is a [link](#) for ten at ten which we used to do in class. Try doing it as gaeilge as it would be a great way to get some extra Irish in.

Some of you have been following Joe Wicks on YouTube at 9 o'clock each day and this is a great start to the day. <https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>

We will be posting a PE challenge during the week so keep an eye on teams
